

## Professional Associations' Lounge

Worldwide contacts and businesses will play a central role in the future development in the area of renewable energy, energy efficiency, environment and water management. We support companies developing new markets and help them create value chains across numerous worldwide projects by attending international trade fairs, conferences, workshops, delegation trips and by producing multi-language media, efficient internet presentations and offering advice on public relations tasks.

### The heart of our activities are our partners!

We team up with several hundred national and international organizations, companies, federations, media, ministries and authorities.

#### ◆ Pioneer & Market leader in Central, Eastern South-East Europe

- REECO Group

#### ◆ At a glance

#### ◆ Goals

- Forge professional connections – bring our clients in contact with associations
- Unique access to the international renewable energy, industries
- Explore business opportunities and meet new partners in dynamic surroundings
- Promote news and services to the industry's leading press
- Access to the industry's most influential decision makers
- Create an outstanding platform for specialist in the energy field

*We build bridges and open doors...*

#### ◆ Why Professional Associations' Lounge?

The Professional Associations' Lounge is a special exhibition area, where associations and other non-profit organisations have the possibility to inform the industry representatives about their activities, their projects and the latest news of the sector. This should be an inspiring space within the trade fair full of provocative questions about the future. This concept allows our clients to hear today the answers of tomorrow. Questions about legal frameworks, professional networks, new markets should be answered here!

**The high quality of the events and the continuous advancement assure high brand awareness.**
